V.F.W. POST IS INSTALLED AT ROACHDALE

RUSSELL SHANNON ELECTED AS FIRST COMMANDER OF NEW POST

The Roachdale Chapter No. 284 Veterans of Foreign Wars was given its charter in a public ceremony in the high school gymnasium Sunday afternoon. The installation of officers and the presenting of the charter was under the auspices of the Crawfordville Post V. F. W.

Russell Shannon has been elected commander of the newest Putnam County Post. A list of charter members numbering nearly fifty had been included in the initial meeting, but only about half of them were able to get to the meeting. The charter will be kept open until about the first of February, it was announced, so that those who desire, may become charter members of the Roachdale Post.

Officers installed Sunday included the following:

Commander, Russell Shannon; Vice Commander, Willard Silvey; Jr. Vice Com., Rex Wendling; Post Advocate, James L. Myers; Chaplain, Warren Buser; Trustees, Sherman Thompson, 5 years; Charles Stamper, 2 years; Sgt. Major, Russell Mahan; Q. M. Sgt., Ralph Robbins; Color Bearers, Everett Everman, Floyd Lively.

The charter members listed Sunday included the following: Russell Shannon, Sherman Thompson, Richard Ruggie, Harry Eggers, Cleo Chastain, Ward Smith, Merle Allen, Perle Bridges, Harold Wendling, Ralph Robbins, Joseph Baird, Charles Miller, Jr., Robert Stafford, Harold Chittenden, Harold Sutherland, Everett Everman, William Elphson, Jr., Robert Blaydes, Wayne Miller, Wallace Parker, Willard Silvey, James M. Reed, Eugene Hostetter, Everett Harris, Dwight O. Carson, Walter F. Dodd, Edwin R. Hatfield, Lloyd Lanley, Russell Mahan, James L. Myers, Raymond Priest, Clyde Perkins, Charles Stamper, David Sutherland, Howard Wilson, Charles Witt, Russell Keck, Robert Eggers.

Prior to the program music was furnished by Mr. and Mrs. Jerry Higgins and Louis Leon, piano, violin and saxophone.

Mystery Smog Takes 19 Lives

DONORA, Pa., Nov. 1 (UP)—A "God given" rain today dispelled the deadly cloud of smog which settled over this Pennsylvania milltown during the week-end, killing at least 19 persons. But doctors warned that an epidemic of pneumonia might follow in the wake of the disaster.

At least 50 of the 600 persons stricken were hospitalized at nearby East Charlevoix and New Eagle. Five of those were in critical condition and were put into oxygen tents.

Several hundred persons, most of them elderly people with asthmatic or heart conditions, were advised to leave the city until the smog cleared up entirely. Most of those who died were between 62 and 75 years old. All had chronic asthmatic and heart conditions, Coroner L. C. Gray said.

Dr. William Rongaus, a member of the Donora Board of Health, blamed the death-dealing smog on the steel mills.

20 Years Ago IN GREENCASTLE

Mrs. Audrid Fleener was a patient at the county hospital. Lawrence Crump was confined to his home by illness.

Todd's Toggery was observing its third anniversary. Mrs. Ernest Mugg entertained three tables of bridge.

Gilda Gray and Clive Brook were starring in "The Devil Dancer" at the Vancastle theater.

HOPES TO FINISH MEMORIAL TUESDAY

Wilbur Grimes, well known local stone mason, hopes to complete erection of the Putnam County World War II memorial on the southwest corner of the court house lawn Tuesday afternoon.

It will be necessary to put the remaining four sections of the V in place with a crane as each block of Indiana limestone weighs approximately 2 1/2 tons. Mr. Grimes and his assistants worked all day Saturday completing the base of the monument.

Mr. Grimes, who is donating his time in getting the memorial ready, stated that the German buzz bomb could be placed atop the monument just as soon as the rest of the stone is in place.

Complete Tunnel For Cagle Dam

The workmen on the Cagle Mill dam completed cutting the tunnel hole through the hill side on schedule, it was reported today. The schedule called for it to be through the hill-side by the end of October and engineers reported Monday morning that it was accomplished on time.

When completed, the tunnel will be 12 feet square and will be nearly 500 feet long. It will be lined with concrete when finally finished. It will afford an outlet for the water while the dam is being constructed and after that will have gates than can be closed or opened to control the water level above the dam.

Marshal Young Had Busy Time

Marshal Forest Young of Bainbridge had a busy time over the week-end. He reports a wreck at the Ralph Clodfelter home west of Bainbridge at 12:35 Sunday when Russell Money-maker, 804 Foltz street, Indianapolis attempted to pass a milk truck driven by Anson Paxton, Ladoga, who was turning into the Clodfelter drive. He failed to signal and the Money-maker car damaged a fender and was badly damaged in turn. No one was hurt.

Gerald S. O'Hair of Bainbridge paid a \$12.00 fine in Olathe court here Monday morning when Marshal Young charged him with driving his car in Bainbridge with an illegal whistle on it and of disturbing the peace.

A car occupied by Robert W. Shuman, 2502 Arlington Avenue, and Kenneth O. Pierce of St. Louis, went over a 50 foot embankment near Bellemore on road 36 Sunday after Shuman lost control of the car. It was a 1936 Ford and was reported by Marshal Young to be a complete wreck. Shuman suffered cuts and bruises, and Pierce was more seriously injured and was taken to an Indianapolis hospital.

Community Fund Meeting On Friday

There will be a meeting in the Council Chamber of the city hall Friday evening at 7:30 o'clock of those interested in the Community Chest. A meeting was held last week, but only a half dozen attended and this meeting will determine what action will be taken. Everyone interested is urged to attend this meeting.

Rain Forecast In State Tues.

The weather for election day forecasts showers for this section of the state with slight cooler weather. Each side says good or bad weather means votes in their favor, but the outcome will probably not hinge on the weather, but on more serious issues and conditions.

12 Feared Dead In Plane Crash

TULSA, Okla., Nov. 1.—(INS)—Oklahoma state police reported today that a transport plane had crashed 10 miles west of Fort Smith, Ark., with the loss of possibly 12 lives.

The report came from State Trooper Harry Davis. He said he found four bodies and the wreckage of the plane.

The crash was believed to have occurred as the plane passed through a thunderstorm near Muldrow, Okla., earlier today.

800 Americans In Danger Zone

WASHINGTON, Nov. 1.—(INS)—An estimated 800 Americans were reported today to be in north China areas where defeat of Nationalist forces may make their position dangerous.

The American embassy in Peking has directed that they be warned that the military situation may disrupt normal transportation facilities in the Peking and Tientsin areas.

Americans in the areas are urged to include missionaries, teachers, businessmen, students and their families.

Joly Land Is Reported Quiet

TEL AVIV, Nov. 1.—(INS)—Jolyne battle zones were quiet today following Israel's smashing defeat of the second Arab army within a month.

United Nations truth observers at Israeli officials agreed that fighting has stopped in the north, and that there is only sporadic shooting in the south. In Paris, UN Mediator Ralph Bunche said today he will press the Security Council to enforce a proposed Israeli-Arab armistice aimed at a lasting, just settlement.

The American official indicated he will seek to have his new plan implemented when a 11-nation council convenes on Tuesday.

Two Criticize Election Probe

WASHINGTON, Nov. 1.—(NS)—Two Democratic congressmen today criticized the JP-directed House election investigation in New Mexico as unauthorized and a possible attempt to influence the state's electoral race. Reps. Mansueti (D) and Wilson (D) Texas, made public a telegram to Clinton P. Anderson, Democratic senatorial candidate New Mexico advising him that a investigation launched by the House subcommittee on publicity propaganda had never been authorized by the group.

600,000 Due To Vote In State

INDIANAPOLIS, Nov. 1.—(P)—Precinct workers today allocated ballot boxes and shipping up voting machines in which are 1,600,000 Hoosiers tomorrow will record their choice of candidates to operate the state's government for the next four years.

The pre-election calm set in today as candidates for offices ranging from county clerk to governor awaited the result of months of campaigning.

Corps of election commissioners in more than 4,000 precincts set up their equipment for the 6 a. m. to 6 p. m. voting stint. In 19 counties, voting machines will be used but in others, voting will be by ballot.

EXPERTS SEE ELECTION OF GOV. DEWEY

ALL POLLS AND SURVEYS INDICATE GOP VICTORY AT POLLS

By United Press
Polls and political surveys agreed almost unanimously today that for the first time in 20 years the voters will elect a Republican to be president of the United States.

Voting booths will begin to open with tomorrow's run rise. From 47,000,000 to 50,000,000 votes are expected to be cast, but nearly half the nation's potential voters will stay away.

The Republican party seems assured of maintaining its control of the House of Representatives with a reduced majority.

Continued Republican control of the Senate is in doubt. The Democrats have a good chance to tie it up in the Senate, 48-48, or to gain a majority of one. The present standing:

Republicans: 51

Democrats: 45

Gov. Thomas E. Dewey, Republican candidate for president, and Gov. Earl Warren, for vice president, will be on the air at 8 p. m., CST, over all major networks.

President Truman, Democratic candidate, and Sen. Alben W. Barkley, his running mate, will be on the air at 9:30 p. m., CST.

The last minute statements by presidential candidates and their running mates, as scheduled for tonight, have by custom become admonitions to be sure to vote rather than partisan appeals for support. Regardless of the nature of tonight's remarks, this campaign will be recorded as one of the angriest of our recent history.

There are also to be elected tomorrow 432 members of the House, 32 United States senators and 32 governors. Maine elected a governor, a senator and three representatives in September. Louisiana elected a governor last April. Tens of thousands of lesser officers also will be filled in tomorrow's voting.

Mr. Truman is back home in Independence, Mo. He stepped down from his special train there yesterday and described himself as a country boy back home after a terrific campaign. He will remain in Independence until it is all over.

Gov. Dewey is at his Pawling, N. Y., farm. He comes to New York City this afternoon to sweat it out in Republican headquarters at the Roosevelt Hotel.

Warren and Barkley are at their California and Kentucky homes.

Short of war or some domestic catastrophe today, nothing much could happen now to change the outcome of this campaign and election. Gov. Dewey is as cocksure as Franklin D. Roosevelt ever was. But Mr. Truman is confident, too. He made this campaign a fighting show which astonished his supporters, won him some new friends and jolted his Republican opponents more than somewhat.

Pulse feelers agreed that Mr. Truman was picking up strength as the campaign ended but apparently not enough to overcome Gov. Dewey's lead. The governor looks like a winner by a rather modest popular vote margin but with electoral votes to spare. Mr. Truman's gains in the wind-up days of the campaign came largely from disillusioned independents and other followers of Henry A. Wallace.

Wallace will run third to Mr. Truman and Gov. Dewey in popularity.

PAID YOUR FALL TAXES YET?

They were higher than ever before, were they not?

Next year with a re-assessment of real estate the amount you pay will be still higher. Something is going to have to be done to stop this ever-rising spiral. I feel that we need additional legislation to remedy this problem. If you are interested in economy in government, vote for

BROWNELL PREDICTS DEWEY VICTORY; FARLEY, O'DWYER GREET TRUMAN

AS THE HEATED CAMPAIGN for the presidency roars into the home stretch, Herbert Brownell (left), Republican campaign manager, predicts in Washington that Gov. Thomas E. Dewey will win the election next Tuesday with a popular majority of 3,000,000 votes, "approximately four to one," and President Truman goes to New York for a major address in Madison Square Garden. Photo at right shows the President waving happily to the crowd in New York's Grand Central Station. New York's Mayor William O'Dwyer (center) and former Postmaster General James A. Farley greeted Mr. Truman. (International).

LAKE FOREST, Ill., Nov. 1.—Lake Forest and DePauw, renewing a rivalry after 25 years here Saturday afternoon, battled out a fast game in which DePauw emerged victorious 7 to 0 before a crowd of 1200.

The only score came in the third quarter when DePauw's Ed Gruener, right halfback, pushed the ball to the Lake Forest 25-yard line, then, on the fourth down, Paul Wagner passed to End John Chapman, who was on the corner of the end zone. There was dispute over the play but it was declared a touchdown.

Tiger back Jim Everard made a clean kick for the conversion. In the fourth quarter, Lake Forest went into the air with passes from Quarterback Bill McAllister to George Gutnick, Roy Cousin and Al Vanyek to gain many yards but no score.

The score:
Lake Forest 0 0 0 0-0
DePauw 0 0 7 0-7

SMOG KILLS 18

(Continued from Page 1)
ing smog on poisonous gases from the American Steel and Wire Company's Zinc plant.
"I feel certain that the gases from the Zinc works are responsible for it," Dr. Rongaus said. "It's not right. It's plain murder. These people were murdered."

He said the Zinc works gives off sulphur dioxide and when this is mixed with moist fog it forms Sulphuric acid.

"When breathed into the lungs it chokes people to death," he said.

Officials said the smog was trapped over the city by layers

of cold air which prevented the poisonous gases from escaping into the atmosphere.

The Zinc works, the city's principal industry, halted smelting pending an investigation by local and state authorities.

Supt. M. M. Neale said they were cutting zinc and coal smoke to a minimum.

"We have not shut down completely, but are going through a process of dead firing during which no zinc smelting goes on at all and ore is not charged into furnaces," Neale said.

An official of the CIO steelworkers union said "If the plant is to blame we'll close it."

The fog continued to hang over Donora today but the rain apparently washed the deadly gases out of it. There was no difficulty in breathing and Elizabeth Ostrander, secretary of the Board of Health, said calls for aid halted as soon as the rain began to fall yesterday afternoon.

Mayor August Chambon, who placed the city in a state of emergency, said the rain was "God given." He said the worst probably was over but ordered a crew of 10 men to stand by with inhalators and other rescue equipment.

Dr. I. Hope Alexander, director of the Pittsburgh health department, warned of the danger of an epidemic of pneumonia. He said that persons not yet affected by the smog should be careful of pneumonia.

"Pneumonia might be an end result of exposure to the smog," he said.

Gov. James H. Duff ordered

the state department of health to make a thorough investigation of the death cloud.

Chinese Reds Hold Mukden

NANKING, Nov. 1.—(UP)—The Manchurian industrial center of Mukden has fallen to Chinese Communist troops, radio reports said today, and two American-trained Nationalist armies reportedly were cut to pieces attempting to escape to Yingkow.

Latest reports said the Communists completely occupied Mukden late yesterday. They stopped shelling the city at 6 A. M. and moved in 12 hours later. Sporadic fighting continues through the night between Communists and isolated bands of government troops.

A radio message at 10 p. m. said gunfire still could be heard in all parts of the city. Main highways leading south were choked with fleeing government troops and civilians hauling carts piled high with furniture and clothing.

Sobbing women and hysterical men attempted to fight their way aboard the last civilian planes leaving the city. Mobs roamed freely before the main Communist armies entered.

Unofficial reports said the American-trained and American-Equipped 1st and 6th Armies were cut to pieces in the 100-mile corridor between Mukden and Yingkow, escape port on the Yellow Sea.

These reports said the 6th Army was trapped in the corridor and never reached Yingkow. The 1st Army almost reached Yingkow but was turned back and broken up by Communist troops.

DEWEY GETS THINGS DONE

The National Administration has long been promising to solve problems that vex the nation. Yet our situation is now more desperate than ever. The government is in the hands of ineffective men—while the need is for men who get things done.

The National Administration has repeatedly promised to mend its ways in money matters. Yet it has consistently failed to increase its efficiency and cut wasteful spending.

BUT

Thomas E. Dewey, as governor of New York State, has cut taxes, built up surpluses, increased state aid to local government, and reduced debts. *Dewey gets things done.*

The National Administration has promised to improve labor conditions but has bullied both labor and management with attempts at political control. One day it blasts employers, the next day it tries to draft strikers into the armed forces.

BUT

Under Dewey's leadership, real teamwork in New York State has brought labor a shorter work week with higher net earnings and the lowest strike record of all industrial states. *Dewey gets things done.*

The National Administration has promised to fight inflation, but lost through its own indecision. It hampered reconversion by demanding price control, then calling it a "police state method", then demanding it again.

BUT

In New York State, Governor Dewey effected speedy reconversion and stimulated production by working with business, agriculture and labor, cutting taxes on individuals and on business. *Dewey gets things done.*

The National Administration promised to rid itself of Communists, asked for \$25 million to investigate Communism in the government. It failed to get results, then called the Congressional investigation a "red herring."

BUT

Governor Dewey has a simple formula to protect our government from Communist infiltration. Why spend \$25 million? He says: "I've got a better idea. Don't appoint them in the first place."

The National Administration has battled with business, with labor, and with the farmer—has antagonized Congress and the states. As a result, our country is not presenting as united a front to the world as it should in these troubled times.

BUT

Governor Dewey has sounded the keynote of unity. In New York State he has created a team of all elements of the people working together. He knows how to work with legislatures and will get cooperation from Congress. *Dewey gets things done.*

It's time for less talk and more do . . . time to elect an effective government under the leadership of a man who gets things done.

CARDINAL PRAISES PRESIDENT

AFTER THIS MEETING in Boston of President Truman and Catholic Cardinal Richard J. Cushing, a White House spokesman announced that the cardinal told the chief executive, "I think you are making one of the greatest and most courageous fights in history in behalf of the people." The cardinal said, however, that the "connotation of my statement to President Truman was unwarranted. I merely congratulated him on putting up a great fight." (International)

RUSSIA VETOES BERLIN COMPROMISE

U. S. Secretary of State Marshall, French Foreign Minister Schuman and British Foreign Secretary Bevin is called for Tuesday after Russia invokes its Secretary Council Veto power at Paris for the 28th time in United Nations history to block a small-power compromise on the Berlin blockade. The Soviet Union wants a "token" lifting of the blockade in return for a concession on currency negotiations. Top photo shows Juan Bramuglia, Argentine foreign minister who submitted the compromise. Lower photo shows Russia's Andrei Vishinsky (left) talking with Britain's Sir Alexander Cadogan. (International)

OBITUARY

Beyond life's golden sunset
Lies a city bright and fair
In the land of Gods tomorrow
And our loved ones wait us there.

Tis a place of wondrous beauty
Where they know no grief or fear
And where God himself in tenderness
Snail wipe away all tears.
So rejoice today in knowing,
That your loved one has found peace

In the land of God's tomorrow
Where his blessing never ceases.
Lewis Clinton Ogle, son of James C. and Mary Proctor Ogle, was born Feb. 27th, 1875 in Adair Co. Iowa. The family moved to Clay county Indiana when he was 2 years of age. They lived there for four years and then moved to Clinton Co. near Forest, Indiana. He received his education at Forest and attended Business College at Frankfort.

On January 1st, 1900 he was united in marriage to Eva Forest Buntin and to this union was born one daughter, Ethel He united with the Baptist Church of Forest in early life, and later transferred to the Fillmore Christian Church. He was also a member of the Masonic lodge. On July 2, he received a pin for being a member 50 years. He was a great reader and kept up with current events through his daily paper. However he would lay his papers aside to read his Bible and had often said my Bible is my best daily paper.

Because of this he was a good Bible student. He was also a great lover of home and family, a devoted husband and father. Three years ago in February, he suffered a cerebral hemorrhage from which he never fully recovered, although he continued to do his daily tasks and go among his many friends which he enjoyed so much.

On October 14, at the age of 73 years, 7 months and 15 days, at approximately 6:30 a. m. he quickly and quietly departed from this life in the manner which he so desired.

Besides his devoted wife and daughter, Mrs. Ethel Jackson, wife of Henry M. Jackson, he leaves to mourn, 3 grandchildren, Marvin Harold and Edwin Jackson; one great grand child, Briece Kendall whom he loved dearly. Two sisters, Mrs. Sora Andrews of Indianapolis and Mrs. Ethel Burns of Forest and one brother, Albert Ogle of Fillmore.

He was preceded in death by his father, mother and two sisters; Mrs. Katie Stringer of Layton, Oklahoma and Mrs. Emma Alter of Fillmore.

Besides the immediate family he leaves a host of friends and relatives.

Fathers gone, but not forgotten.

Never shall his memory fade
Sweetest thoughts shall ever linger

Around the grave where he is laid.

It was hard to part with father
Oh! so sad to see him die.

But then we will try to meet him

Some sweet day by and by.

Silently the shades of evening

Gather around our lonely door

Silently it brings before us

That dear face we see no more.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to the many friends, neighbors and relatives for messages of comfort expressions of sympathy and the beautiful floral offerings. We are especially grateful to Rev. Dallas Rissler, Mr. and Mrs. Charles Rector and their assistants, the grand-daughters for the music, the Masonic Lodge, Dr. Elliott, Mr. Davison and all the neighbors who responded so promptly and for the ladies who served the meal and all food that was sent. We thank you all.

Mrs. Eva Ogle
Mr. and Mrs. Henry Jackson and family.

SCHOOL NEWS

Jones School
Verne and Dean Courtright have moved from the Jones School to Miami, Fla.

Roy Allan Berry, from the second grade has moved to Dublin School near Noblesville.

All the teachers enjoyed the Art Workshop last week very much and derived lots of good from it.

The fifth grade boys beat the sixth grade boys in a game of baseball.

Miller School

The Health program sponsored

by the P. T. A. organizations of the city, has finished its first lap for the year. The sixth graders of Miller School were the last group to receive their Health Ribbons for 1948. They were presented to them in the school auditorium last Monday. This blue ribbon signifies the owner has been immunized against smallpox and diphtheria, also has had a complete check up by his own doctor. If the parents were not financially able to assume this responsibility, the P. T. A. organization of the various schools did. This program is in charge of Miss Smith, our school nurse.

Last week Nancy Richards and Nancee Burkett of Mrs. Snively's room served Eskimo pies and cup cakes to their classmates to celebrate their tenth

birthdays.
William Butterfield of Mrs. Rockhill's room has moved to Champaign, Ill.
Janice Kendall of Miss Knauer's room celebrated her seventh birthday last week.
Mrs. Rockhill's children made a bus trip to Ellen Hutcheson's farm last Friday afternoon.

Kidpath School

The children in Mrs. Hood's room are proud of the following facts:

1. That they did not have any tardies the first six weeks.
2. That they did not have an unexcused absence the first attendance period.
3. That every child received a health ribbon.
4. That everyone returned their report card at the specified
